OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 11 July 1960

25X1 1. [] Contacted Representative Clarence Cannon's office to determine when he plans to return to Washington. I was advised that he will not return until Congress reconvenes in August. Presumably this means 15 August since this is the date for the House. (This information was passed to Mr. Echols.)

25X1 2. [] advised that he had been contacted by Lt. Colonel Tacker, in the Air Force Office of Information (extension 772291). Apparently as a result of the publication of Keough's most recent book on UFO's, Air Force has received a number of queries from the Hill and plan to hold an informal briefing session on 15 July in the Pentagon with representatives of the staffs of the Senate Preparedness Investigating Committee, House Armed Services, and House Science and Astronautics Committee. Colonel Tacker extended to us an invitation to be present at this informal session. 25X1 After discussion with [] it appeared desirable for us to participate. Arrangements have been made for [] and 25X1 Mr. Warner to meet with the group on Friday. General Luehman, of the Air Force Office of Information, and General Musgrave, of Air Force Legislative Liaison, will also be present.

25X1 3. [] telephoned to advise that 25X1 he had seen [] in referral from Senator Allott's office. 25X1 [] stated he was very favorably impressed with [] and 25X1 suggested that [] pursue the opportunity to work in the physical education program []
